Dear Dick,

Re: Murphy

I believe I have the name right but this is the gentleman who is currently causing us some difficulty.

The answer for this gentleman is to have him depart for some whereabouts wherein he can obtain documents concerning his ability to drive but does not have to give details of his life history, if you know what I mean, to obtain the documents.

Then he should find some out of the way large city where he can rent himself a quiet place to do research or some such for an article or a book or whatever.

He can then live and work there for some time undisturbed.

Once Silver has completed his cycle we will have some idea of which way things are moving and we will be able to ascertain Murphy's next move, but for the time being he should keep himself fairly exclusive.

Silver should admit what he did but let his representative do his talking for him and should not volunteer any further information.

To achieve this of course Silver and his representative will have to push for the big event to occur as soon as possible.

Once the Silver event is over we can reassess the whole cycle in light of the data that comes up, which you will have to work out some way of reporting to me.

If any of the above is not clear, please ask immediately as I don't want any confusions on what has to be done.

Much love,
